1. GENERAL INFORMATION

Excellon Resources Inc. and its subsidiaries (together the Company or Excellon) is involved in the exploration, development and extraction of high-grade silver-lead-zinc metals in Mexico and the exploration of gold in properties in Canada.

Excellon is domiciled in Canada and incorporated under the laws of the province of Ontario. The address of its principal office is 20 Victoria Street, Suite 900, Toronto, Ontario, M5C 2N8, Canada.

2. BASIS OF PRESENTATION

a. Statement of compliance

These unaudited condensed interim consolidated financial statements have been prepared in compliance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and Interpretations of the International Financial Reporting Interpretations Committee ("IFRIC") which the Canadian Accounting Standards Board has approved for incorporation into Part 1 of the Handbook of Canadian Institute of Chartered Accountants including IAS 34 Interim Financial Reporting. The condensed interim consolidated financial statements should be read in conjunction with the annual consolidated financial statements for the year ended December 31, 2012.

The accounting policies and the application adopted are consistent with those disclosed in Note 3 to the Company's consolidated financial statements for the year ended December 31, 2012 except as described below.

The Company has adopted the following new and revised standards, along with any consequential amendments, effective January 1, 2013.

IFRS 10, *Consolidated Financial Statements*, replaces the guidance on control and consolidation in IAS 27, *Consolidated and Separate Financial Statements*, and SIC-12, *Consolidation – Special Purpose Entities*. IFRS 10 requires consolidation of an investee only if the investor possesses power over the investee, has exposure to variable returns from its involvement with the investee and has the ability to use its power over the investee to affect its returns. Detailed guidance is provided on applying the definition of control. The accounting requirements for consolidation have remained largely consistent with IAS 27. The Company assessed its consolidation conclusions on January 1, 2013 and determined that the adoption of IFRS 10 did not result in any change in the consolidation status of any of its subsidiaries and investees.

IFRS, 13, *Fair value measurement*, provides a single framework for measuring fair value. The measurement of the fair value of an asset or liability is based on assumptions that market participants would use when pricing the asset or liability under current market conditions, including assumptions about risk. The Company adopted IFRS 13 on January 1, 2013 on a prospective basis. The adoption of IFRS 13 did not require any adjustments to the valuation techniques used by the Company to measure fair value and did not result in any measurement adjustments as at January 1, 2013.

The Company has adopted the amendments to IAS 1 *Presentation of Financial Statements* effective January 1, 2013. These amendments required the Company to group other comprehensive income items by those that will be reclassified subsequently to profit or loss and those that will not be reclassified. These changes did not result in any adjustments to other comprehensive income or comprehensive income.

IAS 19 Employee benefits amendments effective January 1, 2013. The changes in this standard resulted in the cessation of the use of the "corridor method" where actuarial gains and losses within a specified threshold were previously unrecognized. These changes did not result in any adjustments as at January 1, 2013.

(Unaudited) (in thousands of U.S. Dollars)

IAS 36, Impairment of Assets, was amended to limit the scope of required disclosure, in certain instances, of the recoverable amount of an asset or cash generating unit, and the basis for the determination of fair value less costs of disposal, when an impairment loss is recognized or when an impairment loss is subsequently reversed. The amendments to IAS 36 are effective for annual periods beginning on or after January 1, 2014 and will be applied retrospectively. Earlier application is permitted. The Company has earlier adopted these amendments.

Areas of critical accounting estimates and judgments that have the most significant effect on the amounts recognized in the condensed interim consolidated financial statements are disclosed in Note 4 of the Company's consolidated financial statements as at and for the year ended December 31, 2012.

All financial information presented in USD has been rounded to the nearest thousand unless otherwise stated.

These condensed interim consolidated financial statements were approved by the Board of Directors for issue on October 31, 2013.

3. MARKETABLE SECURITIES

The Company invested $5,000 in the Sprott Physical Silver Trust to hold units reflecting an underlying investment in ounces of silver. These securities have been classified as a "held for trading financial instrument" during the period. During the nine-month period ended September 30, 2013, an unrealized loss of $1,152 was recorded in income in recognition of a decrease in value as at September 30, 2013 (nine month ended September 30, 2012 - $174).

(1) Post-retirement benefits: The Company provides post retirement benefits supplements as well as leaving indemnities to employees at the Mexican operations. Under Mexican Labour Law, the Company provides statutorily mandated severance benefits to its employees terminated under certain circumstances. Such benefits consist of a one-time payment of three months wages plus 20 days wages for each year of service payable upon involuntary termination without just cause.

Key financial assumptions used in the above estimate include an annual discount rate of 6.5% (December 31, 2012 – 6.5%), annual salary and minimum wage increase rate of 3.5% (December 31, 2012 – 3.5%) and the life of the mine of ten years.

(1) On May 8, 2013 the Company completed a share consolidation of the issued and outstanding common shares on the basis of one (1) post-consolidated common share for every five (5) pre-consolidated common share issued and outstanding (the “Share Consolidation”). The Company’s number of outstanding options were consolidated on the same basis.

The numbers of shares and options presented in these condensed interim consolidated financial statements have been adjusted to include the effect of this share consolidation.

SHARE OPTION PROGRAM (EQUITY-SETTLED)

The Company has a share option program that entitles directors, officers, employees and consultants to purchase shares in the Company. Under the program, the Company may grant options for up to 10% of the common shares issued and outstanding. Under the program, the exercise price of each option may not be less than the market price of the Company's common shares on the date of grant, and an option's maximum term is five years. Options may be granted by the board of directors at any time and may vest immediately upon grant.

The Company uses the fair value method of accounting for all stock-based payments to employees, directors and officers. Under this method, the Company recorded a stock compensation expense of $1,085 for the nine months ended September 30, 2013 (nine months ended September 30, 2012 - $854) with a corresponding credit to contributed surplus. The fair value of the stock options granted at the date of the grant were $1,173 (nine months ended September 30, 2012 - $609) and is measured using the Black-Scholes pricing model that assumes a risk-free interest rates of 1.31% (nine month ended September 30, 2012 – 1.23%), no dividend yield, expected life of 5 years (nine month ended September 30, 2012 - 5 years) with an expected price volatility of 93.91% (nine month ended September 30, 2012 – 90.83%). Volatility is determined using daily volatility over the expected life of the options. A forfeiture rate of 4.09% is applied (nine months ended September 30, 2012 - 2.99%) and at September 30 2013, there was $450 of unamortized stock compensation expense (September 30, 2012 - $507).

During the quarter, 30,000 options were issued at an exercise price of $1.91 and 48,652 options expired with an average exercise price of $5.39 leaving an outstanding balance of 2,512,000 options at September

13. REVENUES

PROVISIONAL SALES

Under the terms of the concentrate sales contract, silver, lead and zinc are sold on a provisional pricing basis whereby sales are recognized at prevailing metal prices when the revenue recognition criteria have been met, namely when title, and risks and rewards of ownership have transferred to the customer. Final pricing is not determined until a subsequent date, typically one or four months later. Price recorded at the time of sale may differ from the actual final price received from the customer due to changes in market prices for metals. The price volatility is considered an embedded derivative in accounts receivable. The embedded derivative is recorded at fair value at each reporting period until settlement occurs, with the changes in fair value recorded to revenues.

During the nine month period ended September 30, 2013, the Company recognized a charge against revenues of $1,373 for sales made prior to 2013 relating to metal price reduction that occurred between January 1, 2013 and the date of final settlement, primarily in the three month period ended June 30, 2013.

During the three month period September 30, 2013, the Company recognized a charge against revenues of $120 for sales made prior to July 1, 2013 relating to metal price reduction that were settled or repriced during the quarter.

Currently, one customer represents 100% of the Company's trade receivables which contain the embedded derivative. As at September 30, 2013, unsettled provisionally priced sales totalled $13,200. A 10% increase or decrease in the price of silver will result in a corresponding increase or decrease in revenues of $998.

COMPARATIVE PERIOD

Sales in the comparative periods were affected due to an illegal blockade at the mine that halted production from July 8, 2012 to October 16, 2012.
